

Health and Safety Policy

I have carried out risk assessment for each room that the children have access to. These are regularly reviewed and updated as needed.

All toys will be checked and cleaned regularly to ensure they are safe for your child to use. Any broken or hazardous toys will be removed immediately.

I do a quick visual risk assessment of my home and garden every morning before the children arrive to ensure that it is a safe environment for minded children

All equipment will be checked and cleaned regularly. All equipment is fitted with the correct safety harnesses to prevent accidents, for example highchair and pushchairs.

I have stair gates across all stairs, they are all wall fixed rather than pressure mounted. They are all checked regularly

I keep my front door locked at all times

I have a fire safety / evacuation document. It is displayed at all times on my noticeboards

I do not permit smoking or vaping in any part of the property or garden, when I'm working or at any other time.

I will always carry emergency contact details for each parent with me when we are not in my property

Children must stay with me when we are out from home. Young child will be strapped into a pushchair. Older children will be on reins, or if I am happy that it is safe to, they will be holding onto the pram or my hand.

I also talk to each child when they are at an appropriate age about safely crossing the road and stranger danger.

Reviewed: January 2022

- amended stair gates as they are all now wall mounted.
