

Special Educational Needs and Disability Policy

I welcome all children and aim to offer an enjoyable experience with is based around their needs working within the guidelines of the Early Years foundation stage (EYFS)

In order to achieve this I will work with each child's parents/carers and other agencies where deemed necessary to identify any additional requirements for the child.

I work to the requirements detailed within;

- Statutory Framework for the Early Years Foundation Stage
- Special Educational Needs code of practice
- Equality Act (2010)

My main aims and concerns are;

- To provide a happy and secure environment for all children in my care
- To identify any special educational needs and disabilities as early as possible.
- To work with parents/carers to plan ways to support their children and manage their requirements and needs.
- To ensure our plans for each child with special educational needs and disabilities are appropriate and in step with their personal progress.
- To always promote and uphold positive behaviour by everyone within the setting, adults and children.
